

Series:

RP-190 & 220CS

Pivot Dump Scraper

For use with tractors in the 300 - 500hp range.

FEATURES:

- The ROME towed pivot dump, roll-out scrapers are the perfect solution to a wide range of material moving challenges and are ideally suited for moving bulk material at low cost and fast turnaround.
- Designed for use in agriculture, mining, land leveling and; general, road, and levee construction; site preparation; pond building; cutting and maintaining irrigation ditches.
- Ruggedly built with heavy duty plate frame construction electrically welded for maximum strength and rigidity.
- Designed to allow maximum dump clearance in order to assure maximum control of discharged material.
- One piece bowl reduces load compaction and greatly increases efficiency.
- Optional bolt on frost bit/stinger.
- All wheel hubs are fully independent.
- Tandem hitch capability with hydraulic supply kit and auxiliary kit optional.
